---

**Date of appointment:** *see the time of your appointment in the letter you received.*

Facility address:

Facility- ID: 735999106XXXXXXXXXX

Meter-ID: 404XXXX

Placement: Inside

---

### How do I reschedule the time?

As your electricity meter is located inside your apartment, you need to be at home at the time of the installation.

If you want to reschedule the time or date, please visit [www.nackaenergi.se](http://www.nackaenergi.se) to book an appointment that is better suited for you. This should be done no later than two days before the set time.

HM Power Metering AB and Elcentralen i Nacka AB will perform the installation of your new electricity meter on behalf of Nacka Energi. In connection with the installation, a shorter power outage will occur. The power outage lasts for about 5 minutes.

### How we work due to Covid-19

Provided that you and your family are healthy, we will perform the installation. We will knock on the door and take a few steps back. You will then be asked if everyone in the household is healthy. We use masks during the visit and hand sanitizer is used before and after each visit.

### What to consider:

Make sure that the electricity meter is not blocked.

Inform everyone in your household that the installation of the new electricity meter will take place and a shorter power outage will occur.

If you have any questions about the installation of the electricity meter, you are welcome to contact HM Power Metering on phone number: +46 (0)21-40 34 96.

Best regards,  
Nacka Energi and HM Power Metering
